

ACADEMY OF TUCSON SCHOOLS STUDENT/PARENT HANDBOOK

It is the purpose of the Academy of Tucson to Provide, Prepare and Graduate.

- **Provide** - A faculty of respected, encouraging and caring educators in a safe and supportive learning environment.
- **Prepare** - Students for a knowledge-based, multicultural global economy.
- **Graduate** - Students who are educated, responsible future leaders, contributors to society and lifelong learners.

Academy of Tucson Schools

This handbook is a summary of the school's rules and expectations, and is not a comprehensive statement of school procedures.

The School Board employs the following School System's administrative staff to operate the School System:

Academy of Tucson Administration

10720 E. 22nd Street

520-733-0096

Jose E. Garcia M.Ed, Superintendent

Bennie Gemello, Business Manager

Melissa Krueger, Executive Assistant

The following are the three schools and their building administration:

Academy of Tucson Elementary School

9209 E. Wrightstown Road

520-886-6076

Joshua Hancock M.Ed, Principal

Margie Fite, Office Manager

Gretchen Smith, Office Assistant

Academy of Tucson Middle School

7310 E. 22nd Street

520-749-1413

Susan Creenan M.Ed, Principal

Tracy Shaw, Office Manager

Hannah Cay, Office Assistant

Academy of Tucson High School

10720 E. 22nd Street

520-733-0096

Wendi Allardice M.Ed, Principal

Jennifer Dool, Office Manager

Access to Student Social Networking Passwords & Websites

School authorities may require a student or his or her parent or guardian to provide a password or other related account information in order to gain access to the student's account or profile on a social networking website if school authorities have reasonable cause to believe that a student's account on a social networking website contains evidence that a student has violated a school disciplinary rule or procedure.

Accident Procedure

Any student who suffers an injury at school, no matter how slight, is responsible for reporting it to the teacher in charge immediately.

After-school Tutoring & Programs

The Academy of Tucson High School offers after-school tutoring (Extended Day Tutoring) daily from 3:15-4:00 PM. Students who are struggling or need extra support can ask to be assigned, walk in, or sign up with their teacher to attend. If a student has a "D" or "F" in a class, he or she will be *required* to attend tutoring.

The Academy of Tucson Middle School offers an after school program from 3:20-4 PM daily. There are two parts of the after school program: study hall/homework completion and enrichment. Students failing to meet academic standards may be assigned to attend the after-school program.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability.

This rule may be temporarily waived by the Building Principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Arizona Interscholastic Association

Eligibility for high school athletics is also governed by the rules of the Arizona Interscholastic Association (AIA) and, if applicable, these rules will apply in addition to this Extracurricular Athletic Code. In the case of a conflict between AIA and this Extracurricular Athletic Code, the most stringent rule will be enforced.

Asbestos Management Plan

The School System will provide notice to parents, teachers, and employee organizations of inspections, response actions, and post-response action activities regarding the management of asbestos on School System property. The plan is available for your review at each school and in the School System's main office during normal business hours.

Assemblies

Students will be personally responsible for proper conduct and courtesy during each assembly. Unacceptable conduct would include whistling, booing, and talking during a program. Our school pride is evident in the way we conduct ourselves during our student assemblies.

Attendance & Tardiness

Since consistent attendance is essential to academic success, students must attend school regularly, arrive on time, and not leave during the school day for unnecessary business. State law charges the parent with the responsibility for the student's consistent school attendance. A student must be in attendance a minimum of ninety (90) percent of each semester per class period. Excessive absences may result in the student not

receiving credit for the course(s). An absence is defined as all or part of a school day, excused or unexcused. An excused absence is one in which the parent has notified the school within 24 hours of the student's absence and the school administration has approved the absence. Administration may require verification of an absence due to illness or injuries.

State Law:

- Regular school attendance is essential for success in school; therefore, absences shall be excused only for specific reasons including illness, bereavement, family emergencies, and observance of major religious holidays of the family's faith.
- Before scheduling medical and dental appointments, the Administration strongly encourages parents to consult the school calendar and school hours. In addition, family vacations should be scheduled when school is NOT in session.

Student Attendance:

- In the event of an absence, the parent is expected to inform the school by calling the school office.
- If a student is absent for an extended period of time for medical reasons, documentation from a medical doctor may be required at the discretion of administration. The documentation will outline any limitations to which the student must adhere.

Absence Notification:

- When the school has not been notified of an absence, the school shall make reasonable efforts to notify parents of a student absence.
- It is the parents' responsibility to provide the school with the most recent telephone contact number.
- Parents will be notified in writing of excessive school absences.

Actions taken by the school for absences:

- Three absences: After three (3) absences per class period per semester (including both excused and unexcused absences), the office will notify the parent/guardian by phone or email.
- Six Absences: After six (6) absences per class period per semester (including both excused and unexcused absences), a letter will be mailed home and the Principal may hold a phone and/or face-to-face conference with the parent/guardian.
- Nine Absences: After nine (9) absences per class period per semester (including both excused and unexcused absences), the student and parent/guardian will meet with the Principal. At the high school level, the student may be dropped from the class with a W/F and will have to pay to retake the class over the summer.
- Ten Consecutive Absences: After *10 (ten) consecutive days of absences*, the state requires schools to withdraw the student automatically. The Academy, its Board, Employees, or Agents are not liable for failure to notify before withdrawal.

Arrival At and Departure From School:

- Students should arrive at school no earlier than 30 minutes before the start of the school day.
- Students should be picked up or depart the campus promptly once school is dismissed and be **off campus by 4:00 PM on regularly scheduled days at the middle and high schools**. Staff is not able to provide supervision outside of these hours.
- Elementary School students must be picked up **NO LATER than 45 minutes after dismissal time**. (Dismissal times vary, depending on a student's grade level.)

Make-Up Work:

- When an absence is excused, students are allowed one day for each day absent to submit make-up work. The student is responsible for getting his/her own work. A student who does not make up assigned work within the time allotted will receive a grade of zero for the assignment.
- Work may NOT be made up for credit for unexcused absences.
- Parents may request missed assignments for extended absences. Teachers need 24 hours advance notice to accommodate such a request. See individual teacher syllabus or classroom procedures for further details.

Check-In/Check-Out Procedures:

- Students returning to/leaving from campus during the day must check in and out through the school office. Students who do not comply with this procedure will not be excused from classes.
- A parent must sign the student in or out, in person, in order for the student to leave for any reason.
- High school students with an early out (dismissal before Period 7) must sign out after their final period of the day. The same policy is expected from students with a late start (after Period 1). They must sign in with the front office.

Tardiness:

- Students are responsible for being in class, in their seat, at the posted time that each period begins.
- Parents may not excuse their student's tardies more than three (3) times within a semester. Any tardies beyond the three will count toward the consequences outlined by the Building Principal.
- NOTE: At the middle and high schools, because of the number of class changes throughout the day, it is possible for students to accumulate multiple tardies within one school day. It is possible that a student could earn multiple tardies in one day and automatically receive detention without any warning or parent notification.

Attendance at School-sponsored Events & Activities

Attendance at school-sponsored events is a privilege. All school rules, including the school's discipline code and dress code are in effect during school-sponsored events. Students who violate the school's discipline code will be required to leave the event immediately and the student's parent/guardian will be contacted. The school may also impose other discipline as outlined in the school's discipline code.

Bicycles

Students may bring bicycles to school. They are to be taken directly to and parked in the bicycle stand. It is recommended that the bikes be locked to the rack with a chain or cable. (Academy of Tucson Schools is not liable for any stolen property.) Bicycles or other wheeled devices such as skateboards and scooters are not to be ridden on any school property.

Biometric Information

Before collecting biometric information from students, the school must seek the permission of the student's parent/guardian or the student (if over the age of 18). Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

Books

All basic textbooks are loaned to students for their use during the school year. Textbooks are to be kept clean and handled carefully. Students or their parents will be required to pay for lost or damaged books. A student who loses a book will be charged the replacement cost of the book.

Campus Etiquette

Administration recognizes that parent/guardian participation is vital to the operation of the school, and it is important to remember that the primary goal is to educate the students in a safe and academically challenging environment. With this in mind, please remember to sign in at the office upon entering the campus and abstain from activity that has the potential for being disruptive to the learning and/or workplace environment.

Parents/guardians should NOT “drop in” to their student’s classroom, especially prior to the start of the school day.

Occasionally, students may come home upset about something that occurred during the school day. If a parent/guardian has a concern, he/she should contact the teacher first. Most problems can be easily resolved once there is additional information regarding the event. Open communication benefits all parties and prevents problems from escalating.

If the concern remains following communication with the teacher, it is then appropriate to contact the Building Principal. Every effort will be made to find a satisfactory resolution in an open and collaborative manner. As always, the student’s success and well-being is our priority.

The Academy of Tucson reserves the right to limit or deny access to our campuses to any person(s) in the interest of preserving school safety, preventing harassment, and maintaining a distraction-free learning environment.

Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, an Individual Healthcare Plan will be created by the Director of Student Services. Parents/guardians are responsible for and must:

- Inform the school in a timely manner of any change which needs to be made to the Health Care Plan on file with the school for their child.
- Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- Approve the Healthcare Plan.

For further information, please contact the Building Principal.

Cell Phones & Other Electronic Devices

When a student brings cell phones or other electronic devices to school, please remember:

1. When using a mobile device to access internet, students must be in accordance with the Acceptable Use Policy.
2. The School System is NOT responsible for the loss, damage and/or theft of any of these types of devices.
3. The devices must not be used from bell to bell during instructional time or in violation of other behavioral infractions as outlined in the disciplinary procedures section of this handbook, unless otherwise directed by a staff member for instructional purposes or for use as an educational resource.
4. Other use of electronic devices, including unauthorized video/sound recordings, may be considered misuse and may result in consequences.
5. Any violation of the Student Computer & Internet Use Agreement will result in disciplinary consequences.

6. Examples of misuse include, but are by no means limited to: text or other electronic messages that contain harassment, bullying, threatening, intimidation, hate/bias, extortion, endangerment, gang activity, instigation, sale/distribution of any prohibited substances or items, sexual harassment; electronic images or access to any of the above as well as to any access in violation of sexual materials or sexual misconduct; unauthorized video/sound recordings.

Students may possess cellular phones and other electronic devices at school as long as they remain in the student's bags/backpacks or locker. Some exceptions may be granted solely at the teacher's discretion, such as if a teacher chooses to allow students to use their device for educational purposes (i.e. calculators, instant student response systems, etc.). Student non-educational use of devices (talking, texting, playing games, etc.) during class time will result in confiscation of the phone by the teacher. The phone will be turned over to the Principal and the student's parents may be required to meet with the Principal before the phone is returned.

Class Attendance Waiver

According to State law, no student is required to take or participate in sex education classes or courses. There is no penalty for refusing to take or participate in such a course or program. If you do not want your child to participate in these classes or courses, contact the Building Principal or teacher.

Classroom Observations

These guidelines apply to visits, for the purposes of extended observations of a teacher/staff member/ or other student in the classroom, campus areas, playgrounds, etc. When parents/visitors request to visit the school and/or their child's classroom or school building during the school day, the following procedures shall be followed:

1. The parent/visitor will complete and submit a written request to the school administration at least two business days prior to the intended visit.
2. Teacher/Staff member, along with school administration, will review the request to determine the educational relevance and appropriateness of the visit.
3. The administrator will approve or deny the visit based on the review.
4. If approved, the front office will contact the parent/visitor and review the classroom visitation guidelines, including that the parent/visitor will sign-in at the front office on the date of their visit.
5. The school administrator will accompany parent/visitor and remain with them for the duration of the observation (no longer than one hour in duration).

If not approved, the administrator will contact the parent/visitor and discuss alternative means of gathering the information the parent is seeking, if possible.

Closed Campus

All Academy of Tucson schools are closed campuses. This policy includes lunch time and/or free periods. If a student leaves campus without permission, he/she will be considered a truant and will receive the appropriate consequence.

Clubs

Activities such as clubs give students the opportunity to explore shared personal interests and hobbies. These opportunities are important to the student's educational experience. Individuals interested in establishing a club must receive permission from the administration before development can occur.

Communicable Diseases

The school will observe recommendations of the Pima County Department of Public Health regarding communicable diseases.

- Parents are required to notify the school if they suspect their child has a communicable disease.
- In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
- The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
- A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Complaint Process

Complaints are best handled starting at the school level and, when necessary, should proceed through the various administrative levels. If a student or parent wishes to file a complaint in writing, he/she should request a Complaint Form from the school's front office.

Students and others may report an incident to any staff member. Staff members must report the incident to the school administrator or next higher administrative supervisor, in person and/or in writing, with such details as may have been provided. Failure by a staff member to inform the school administrator or next higher administrative supervisor of an allegation or their observation of an incident in a timely manner may subject the staff member to disciplinary action in accordance with school policies. The staff member shall preserve the confidentiality of those involved, disclosing the incident only to the appropriate school administrator or next higher administrative supervisor or as otherwise required by law. Any incident, which includes possible child abuse or violations of statutes known to the staff member, shall be treated in accordance with statutory requirements and be reported to a law enforcement agency, if necessary.

A person who complains may do so directly to the school administrator or to a staff member. The professional staff member receiving the report/complaint shall retrieve sufficient detail from the person to complete the form designated for such purpose. At a minimum, the report/complaint shall be put in writing, containing the identifying information on the complainant and such specificity of names, places and times as to permit an investigation to be carried out. When a staff member receives the information, the staff member will transmit a report to the school administrator or supervising administrator not later than the next school day following the day the staff member receives the report/complaint.

The report/complaint will be investigated by the school administrator or a supervising administrator. The procedures to be followed are as follows:

- An investigation of the reported incident or activity shall be made within 10 school days when school is in session or within 15 days during which the school offices are open for business when school is not in session. Extension of the timeline may only be by necessity as determined by the Superintendent.
- The investigator shall meet with the person who reported the incident at or before the end of the time period and shall discuss the conclusions and actions to be taken as a result of the investigation. Confidentiality of records and student information shall be observed in the process of making such a report.
- The investigator shall prepare a written report of the findings, and a copy of the report shall be provided to the Superintendent.

All violations of this policy shall be treated in accordance with the appropriate procedures and penalties provided for in school policies related to the conduct and discipline of students, staff, and others.

CPR Training

Many School System employees are trained in CPR use.

Custody

In cases where custody/visitation affects the school, the school shall follow the most recent court order on file with the school. It is the responsibility of the custodial parent, or parents having joint custody, to provide the school with the most recent court order.

Discipline & Conduct

As a student at Academy of Tucson Schools (Grades K-12):

1. I have the right to be safe. This means that students in the school, on the school grounds, at school activities, and on the way to or from school will not be allowed to hurt nor endanger me, with neither words nor weapons. No one will push me, shove me, threaten me nor fight with me for any reason.
2. I have the right to be treated with respect and understanding. This means that no one will be allowed to laugh at me, call me names, nor do anything to try to hurt my feelings nor to embarrass me.
3. I have the right to hear and be heard. This means that no one will interrupt me by disturbing me in my classroom nor by making noise.
4. I have the right and responsibility to get the best education possible. I will expect teachers to be well prepared to teach me, and I, in turn, will come to school on time and will try to do as well as I possibly can in my school work.
5. I have the right to a clean and safe school building. I will do all that is possible to make sure that my school and its materials are not damaged or misused.
6. I have the right to study and learn in a school that is free of all illegal drugs, including alcohol and tobacco.
7. I realize that I have the responsibility to always treat students and adults with respect and courtesy and to be sensitive to the feelings of others.
8. I must be willing to accept responsibility for my actions.
9. I will not hide evidence of an illegal act or school violation.

Discrimination Prohibited

Discrimination on the basis of color, race, nationality, religion, sex, sexual orientation, pregnancy, ancestry, age, marital status, physical or mental disability (including any mental, psychological or developmental disability, including any autism spectrum disorder), immigration status, gender identity, order of protection status, military status, status of being homeless, or unfavorable discharge from military service is strictly prohibited.

Duty to Report

Per state law and Board policy, school employees and certain volunteers who reasonably believe that a child has been the victim of neglect, abuse, and/or non-accidental injury, or sexual offenses must report suspected activity to Department of Child Safety (DCS) and/or local law enforcement agencies. Where a parent or guardian is the alleged abuser, school personnel are not to notify parent or guardian. DCS and law enforcement agencies are responsible for notification. Should the alleged perpetrator be other than a member of the child's family, volunteer and school personnel shall follow reasonable notification procedures.

Individuals required to report reasonable suspected abuse are protected by state law from civil or criminal liability.

Schools shall comply with request by DCS or the Police Department to question any child who is a suspected abuse victim. The investigating agency will determine whether school personnel should be with the child during questioning. The DCS worker and/or the police may interview the child and all other children residing in the home, on school grounds outside of the presence of school personnel. They may conduct interviews of the child without permission or notice to the parents where the suspected perpetrator is a family member. DCS also has the authority, upon written request, to obtain school records. (A.R.S. §13-3620).

Emergency School Closings

In cases of bad weather and other local emergencies, please check your email for a notification from the school system to be advised of school closings or other weather-related schedule changes.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, all after-school functions are automatically canceled.

English Language Learners

The school offers opportunities for English Language Learners (ELL) to develop high levels of academic attainment in English and to meet the same academic content and student academic achievement standards that all children are expected to attain.

Parents/guardians of ELL students will be given an opportunity to provide input to the program, and provided notification regarding their child's placement in, and information about, the School System's ELL programs.

For questions related to this program or to express input in the school's ELL program, contact Director of Student Services.

Enrollment Policy

Purpose: The purpose of this policy is to explain the application and enrollment process at the School so that families will have information to make decisions regarding their student's school attendance.

Policy Statement: This policy establishes guidelines for admission into the School that are consistent with the admission requirements of Arizona and federal law and applicable regulations.

General Enrollment Provisions: The admission and enrollment policies of Academy of Tucson Schools (the School) have been developed to be fair to all student populations. The following policies shall be readily available and accessible to parents.

- Equal Educational Opportunities
 - The School shall not limit admission on the basis of ethnicity, national origin, gender, income level, disability, English language proficiency, athletic ability or immigration status.
 - No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.
 - Any student or parent/guardian with a sex equity or equal opportunity concern should contact: Jose E. Garcia at jgarcia@aoths.net.
- Information and Application

- The School Leader shall prepare a written information packet concerning the School's annual open enrollment period, application process, standards for acceptance or rejection, and policies, regulations, and procedures for open enrollment. The information packet shall include the enrollment application form and shall advise applicants that to be considered for enrollment during the following school year they must submit enrollment applications by the end of the School's enrollment period. The packet will be made available to everyone who requests it.
- Capacity
 - The School shall enroll all eligible students who submit a timely application, so long as the school has capacity in the specific grade, class, building or program (if applicable) to which the student is applying.
 - The School Leader shall determine the School's projected capacity for the next school year. The projection of capacity shall be made for each school, grade level, class or program, if applicable, in accordance with the maximum capacity (enrollment cap) as established by the School's authorizer [A.R.S. § 15-184(A)].
- Lottery and Waiting List
 - If the School receives more student applications than it has seats available, it shall determine admission based on an "equitable selection process such as a lottery" [A.R.S. § 15-184(E)]. The School shall develop waiting lists and an equitable system of enrolling students from a waiting list.
- Enrollment Preferences
 - The School shall give enrollment preference to and reserve capacity for students who were enrolled in the School the previous year and to any siblings of those Students.
 - The School may give enrollment preference to and reserve capacity for pupils who fall into any of the following allowable enrollment preference categories:
 - Children, grandchildren or legal wards of employees of the School, employees of the charter holder, members of the Governing Body of the School or directors, officers, partners or Board members of the charter holder.
 - Students who attended another charter school or are the siblings of that student if the charter school previously attended by the pupil has the same charter holder, governing body and governing body membership as the enrolling charter school or is managed by the same educational management organization, charter management organization or educational service provider as determined by the charter authorizer.
 - Children who are in foster care.
 - Children who meet the definition of unaccompanied youth in the McKinney-Vento Homeless Assistance Act.
 - The School will not give enrollment preference to any student on any other basis.
- Translation
 - The School will provide translated documents and translation services from appropriate and competent individuals, as necessary, for all enrollment documents.
- Other Pre-Admission Activities
 - Although the School may offer tours and informational sessions to potential students and their families, admission will not be conditioned on participation in or attendance at any tour or informational session. Similarly, admission will not be conditioned on optional donations of time and/or money to the School, including parent ability to volunteer at the School.
- Students with Disabilities
 - The School shall not collect or use information about whether a prospective student is, or may be, eligible for special education services under federal law, for purpose of making admissions decisions. To the extent any such information is obtained during the application stage, the

School shall ensure that it is not used in the admission-decision process, but only to better serve the student promptly and appropriately, following admission.

- Admission Standards
 - The School may decide not to admit a pupil who has been expelled or is in the process of being expelled by any Arizona public or private school [A.R.S. § 15-184(I)]. Failure to disclose this information on the application may result in revocation of the student's acceptance. Students must meet statutory entrance age requirements for the grade for which they have applied [A.R.S. § 15-821].
- Notification of Action on Application
 - The School shall notify the student's parent or legal guardian (or the student if emancipated) in writing whether the student has been accepted, placed on a waiting list pending the availability of capacity, or rejected for the next school year. If the applicant is placed on a waiting list, the notification shall indicate that the School will promptly inform the parent or legal guardian if capacity for additional enrollment develops and the student is admitted. If the student's application is rejected, the reason for the rejection shall be stated in the notification.
- Student Placement
 - After admission, the School may require students to take placement tests, audition for courses or provide other placement information, all of which shall be used by the School only to determine the student's appropriate placement in a grade or class based on the student's level of preparation and content knowledge. The School reserves the right to determine the appropriate placement for a student. The School will not base its admission decisions on a student's academic achievement or similar performance.

Student Admissions Procedures

- Age and Identity
 - The School must obtain age and identity information from students when they enroll. Within 30 days of enrollment, the individual enrolling a student (except homeless students) in the School for the first time will be asked to produce proof of ONE of the following:
 - A certified copy of the student's birth certificate;
 - Other reliable proof of age and identity, (i.e., baptismal certificate, social security card application, original school registration record) and an affidavit explaining the inability to provide a copy of the birth certificate.
 - A letter from the authorized representative of an agency having custody of the pupil pursuant to a juvenile court proceeding, certifying that the pupil has been placed in the custody of the agency as prescribed by law [A.R.S. § 15-828(A)(1)-(3)].

Any of the documents listed above is acceptable to verify a student's age or identity.

- Arizona Residency
 - The School must obtain and maintain verifiable documentation of a student's Arizona state residency upon enrollment and must reaffirm residency in connection with a student's subsequent attendance at the School in future years [A.R.S. § 15-802(B)]. The School shall comply with the Arizona Department of Education's Residency Guidelines and applicable Arizona law in determining who meets the residency requirements and need to pay tuition to attend the School. The School shall *not* request or require documentation regarding a student's citizenship or immigration status in connection with enrollment or at any other time.
 - The School shall maintain a copy of all required residency documents in students' educational files.

- Proof of Immunization
 - The School must obtain and maintain a student's immunization record prior to attendance, unless the student is exempted from immunization by law. A student may be conditionally enrolled provided that the necessary immunization and have initiated and a schedule has been established for the completion of the required immunization. Arizona law requires that a student shall be suspended and not allowed to attend school if the required immunizations have not been obtained [A.R.S. § 15-872].
- Admission of Homeless Students
 - The School shall comply with and provide services under the McKinney-Vento Homeless Assistance Act, which ensures that homeless children and youth have access to a free, appropriate public education, comparable to that provided to the children of any Arizona resident and consistent with Arizona's mandatory school attendance laws.
 - Students that meet the definition of "homeless students" shall be excused from providing certain enrollment documentation that is otherwise required by law, and the School shall immediately enroll a homeless student, even if the student is unable to produce the records normally required for enrollment.
 - The School shall appoint a Liaison for Homeless Students who will carry out duties as assigned and as required by law, including assisting with enrollment and coordinating activities and programs in the best interest of homeless students.

Expulsion Procedures

The Superintendent or designee has implemented expulsion procedures that provide, at a minimum, for the following:

- Before a student may be expelled, the student and his or her parent(s)/guardian(s) will be provided a written request to appear at a hearing to determine whether the student should be expelled. The request will be sent by registered or certified mail, return receipt requested and regular mail. The request will include:
 - The reasons for the proposed expulsion as well as the conduct rule the student is charged with violating.
 - The time, date, and place for the hearing.
 - A short description of what will happen during the hearing.
 - A statement indicating that the School Code allows the School Board to expel a student for a definite period of time not to exceed two (2) calendar years, as determined on a case-by-case basis.
 - A request that the student or parent(s)/guardian(s) inform the School System if the student will be represented by an attorney and, if so, the attorney's name.
- Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. The hearing will be conducted by the Superintendent or a hearing officer appointed by it. If a hearing officer is appointed, he or she will report to the Board the evidence presented at the hearing.
- During the expulsion hearing, the Superintendent or hearing officer will hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled.

Extracurricular Athletic Activities Code of Conduct

Requirements for Participation in Extracurricular Athletic Activities: A student must have the following fully executed documents on file in the school office before being allowed to participate in any extracurricular athletic activity:

- A current certificate of physical fitness issued by a licensed physician, nurse practitioner or physician assistant.
- Interscholastic parent permission form signed by the student's parent/guardian; and
- Acknowledgement of receipt of concussion information

The School System believes that extracurricular activities are an integral part of the total growth of a student and encourage every participant to establish as their first priority a commitment to academics. The following is a list of guidelines that students are expected to follow in order to participate in school sponsored activities. This list is not intended to be inclusive, and any acts committed by students that are illegal or that, in the opinion of staff, reflect poorly upon School Systems may be subject to consequences.

To insure that students and families are aware of this Code of Conduct, parents and students should read and review the requirements. Students will agree to the following:

- **I will** maintain a score a C or better in all of my academic classes. I understand that the school office will run an eligibility list on a weekly basis. The Athletic Director, Principal, coach and/or sponsor will monitor my academic progress, and if they observe a score less than a C in my academic classes, they will initiate an improvement plan with the appropriate teacher(s). I will have the plan signed by my parent(s)/guardian(s), teacher, and coach. The plan will be monitored by the Athletic Director, Principal, coach and/or sponsor, and if at any time I do not perform satisfactorily regarding my part of the plan, I will be subject to the agreed upon consequences in the contract until I do meet the expectations in the improvement plan and/or my grade(s) improve to a grade of C or better in all of my academic classes.
- **I will** be current with all required coursework.
- **I will** display good citizenship throughout the school day, at practices, and at events.
- **I will** attend all practices, rehearsals, and events unless excused by the coach or sponsor.
- As a participant in other extracurricular activities, I understand I **MUST** attend practices scheduled on the event date unless excused by the Athletic Director.
- **I will** check the schedule carefully before trying out, and **I will** discuss attendance conflicts with the coach **BEFORE** the tryout date.
- **I will** dress appropriately on all event days, as explained by my coach.
- **I will** respect and follow all directions from my coach and abide by all team/squad/cast rules and eligibility requirements.
- **I understand** that school attendance is **mandatory** on the date of events to participate in the activity. In the event of an appointment or family emergency, participation will be approved at the discretion of the coach and administration. If I am absent as the result of illness, I understand that I cannot participate.
- To ensure my safety, **I understand** that if I am unable to participate in my physical education coursework, then I am also unable to participate in extracurricular activities that include a physical component.
- **I understand** that my coach will articulate transportation needs for events away from school.
- **I understand** that failure to meet these obligations will result in consequences ranging from student conferences and an improvement plan, removal from practices for academic support, suspension from activities or removal from the team, cast, or squad.

The aforementioned guidelines are in effect for the duration of the extracurricular activity and consequences for infractions are cumulative. The signed and dated *Extracurricular Activities Code of Conduct Contract* must be given to the appropriate coach, sponsor, or supervisor before participating in tryouts for any activity.

Field Trips

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.

General Building Conduct

Students are expected to behave respectfully, responsibly, and safely in and around the school.

Grading Scale

The Academy of Tucson's grading scale is as follows:

A	90-100
B	80-89
C	70-79
D	60-69
F	59 and below

Guidance & Counseling

If a student is in need counseling, a request for information may be made of the Building Principal or Student Services Director by a parent or guardian. The school will provide a list of community resources.

Please note the parent or guardian assumes any and all costs associated with use of any and all community resources. The high school has a full-time College/Career Adviser who is responsible for providing guidance in preparing students for college and careers.

Head Lice

The school will observe recommendations of the Pima County Health Department regarding head lice.

- Parents are required to notify the school if they suspect their child has head lice.
- Infested students will be sent home following notification of the parent or guardian.
- The school will provide written instructions to parent or guardian regarding appropriate treatment for the infestation.

- A student excluded because of head lice will be permitted to return to school only when the parent or guardian demonstrates proof that the condition is being remediated or the child is determined to be free of the head lice and eggs (nits).

High School Graduation Requirements

Academy of Tucson High School and the State of Arizona have specific requirements for graduation from high school. Students must have 22 credits. A credit is defined as a passing mark of “D” or higher in a state-approved class.

Students at the high school have the opportunity to earn a college preparatory diploma that requires the completion of 25 credits. See the breakdown of graduation requirements below:

General Diploma	Credits	College Preparatory Diploma	Credits
English	4	English	4
Math*	4	Math*	4
Science**	3	Science**	4
World History OR Geography	1	Social Studies	4
US History	1	Foreign Language***	2
American Government AND Economics	1	Art/Technology	1
Art/Technology	1	Electives	6
Electives	7		
TOTAL	22	TOTAL	25

*Must include one (1) credit of Algebra 2, or an equivalent course

**Must include one (1) credit of Biology, or an equivalent course

***Must be two (2) credits of the *same* foreign language

Beginning with the Class of 2017, all students must pass a civics test with a 60 percent or better to graduate. (The civics test is the test given to people who apply for American citizenship.)

Homeless Child's Right to Education

When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

- Continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
- Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.
- See [McKinney-Vento Act](#).

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

Immunizations

Immunizations: The parent/guardian is required to present appropriate proof that the student received immunizations against preventable communicable diseases within one year prior to:

- Entering Kindergarten or the first grade
- Enrolling in an Arizona school for the first time, regardless of the student's grade.

Exemptions: A student will be exempted from the above requirements for:

Religious or medical grounds if the student's parent/guardian presents to the Building Principal a signed statement explaining the objection.

Individuals with Disabilities Education Act (IDEA)

The School System will ensure that all children in the System who have suspected disabilities are identified, located and evaluated. The process of identifying, locating and evaluating students with disabilities is important to the provision of educational opportunities for all students. Children, aged birth through three years, and suspected of having a disability will be referred to the Arizona Early Intervention Program for evaluation and, if appropriate, services. Children aged 2.9 years – 5 years are screened by the School System. It is the process of identification, evaluation, development of program, placement, and the provision of services – its sensitivity, its accuracy – that will determine much of what happens with students during the remainder of their educational lives.

This process is guided by a variety of laws and regulations regarding identification, evaluation, development of program, placement, and the provision of services enacted at both the state and federal levels.

Procedural Safeguards:

Children with disabilities and their parents are guaranteed procedural safeguards with respect to the provision of free appropriate public education. A copy of the procedural safeguards notice shall be given to the parent upon initial referral for evaluation. If a parent suspects their child of having a disability, birth – age 22, they should contact the administration at his/her child's campus.

If the System and parent/guardian do not agree on the identification, evaluation, educational placement of a child with a disability, and provision of FAPE (free appropriate public education), either the System or parent/legal guardian may request any of the following through the Arizona Department of Education - Exceptional Student Services:

- Mediation – The Arizona Department of Education (ADE) will provide a facilitator trained in the mediation process to assist both the District and parent/legal guardian in resolving the issues.
- Early Resolution – The Arizona Department of Education will provide trained staff to assist both the System and parent/legal guardian in resolving the issues. This is normally handled by phone and the final resolution provided in writing by ADE.
- State Complaint – The Arizona Department of Education provides trained investigators to review all records when a parent/legal guardian files a state complaint in writing. ADE will determine if the System is or is not in compliance and issue the findings in writing.

Due Process – A parent/legal guardian or the System may initiate a due process hearing. A due process is overseen by a hearing officer and is the most formal method of resolution.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request. A sample of the School System's instructional materials and course outline for these classes or courses are available from the classroom teacher for your inspection.

Insurance

The School System does not carry insurance for students' medical or dental costs if they are injured during school activities. Parents are responsible for their child's insurance. An optional school day or 24-hour accident policy is available through a private agency. Like most insurance policies, there are some coverage limitations and exclusions.

In an emergency, the school may call paramedics who may decide that an ambulance should be called. The parent/guardian is responsible for these services.

Internet Acceptable Use

All use of electronic network use must be consistent with the school's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. **The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.**

Acceptable Use: Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the School System's educational objectives, or (b) for legitimate business use.

Privileges: The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The System Administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His/her decision is final.

Unacceptable Use: The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

- Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
- Unauthorized downloading of software, regardless of whether it is copyrighted or de-virused;
- Downloading of copyrighted material for other than personal use;
- Using the network for private financial or commercial gain;
- Wastefully using resources, such as file space;
- Hacking or gaining unauthorized access to files, resources, or entities;
- Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature including a photograph;
- Using another user's account or password;
- Posting material authored or created by another without his/her consent;
- Posting anonymous messages;
- Using the network for commercial or private advertising;

- Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
- Using the network while access privileges are suspended or revoked.

Network Etiquette: The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

- Be polite. Do not become abusive in messages to others.
- Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
- Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
- Recognize that email and Google applications (ie. Google Docs, Google Sheets, Google Slides, Google Classroom, Blogger, etc.) are not private. People who operate the system have access to all email and content created within Google Apps for Education. Messages and/or written content relating to or in support of illegal activities may be reported to the authorities.
- Do not use the network in any way that would disrupt its use by other users.
- Users have no expectation of privacy in any communications transmitted via the School System's network. Any data saved via the School System's network is the School System's property and may be subject to records laws.

No Warranties: The School System makes no warranties of any kind, whether expressed or implied, for the service it is providing. The School System will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The School System specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification: The user agrees to indemnify the School System for any losses, costs, or damages, including reasonable attorney fees, incurred by the School System relating to, or arising out of, any violation of these procedures.

Security: Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the System Administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log on to the Internet as a System Administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Vandalism: Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.

Telephone Charges: The School System assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules: Copyright law and School System policy prohibit the republishing of text or graphics found on the web or on School System websites or file servers without explicit written permission.

- For each republication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting

how and when permission was granted. If possible, the notice should also include the web address of the original source.

- Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of “public domain” documents must be provided.
- The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.

Use of Email: The School System’s email system, and its constituent software, hardware, and data files, are owned and controlled by the School System. The School System provides email to aid students as an education tool.

- The School System reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student to an email account is strictly prohibited.
- Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
- Electronic messages transmitted via the School System’s Internet gateway carry with them an identification of the user’s Internet *domain*. This domain is a registered name and identifies the author as being with the School System. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the School System. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
- Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the System Administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message’s authenticity and the nature of the file so transmitted.
- Use of the School System’s email system constitutes consent to these regulations.

Invitations & Gifts

Party invitations or gifts for classmates should not be brought to school to be distributed, unless they are distributed to all students in the class at the elementary level. The office is unable to release addresses and phone numbers of students who are not listed in the school directory.

Law Enforcement

The School System may notify appropriate law enforcement agencies of violations of the law. The Building Principal will determine if a call to the police shall be made, based on the severity and criminality of the incident in question.

Lockers & Other School Property

Student lockers and desks are the property of Academy of Tucson Schools. The student is responsible to keep them organized and clean. The Principal is required by school policy to make periodic inspections of all storage facilities, and may, if deemed necessary, make spot locker/desk checks at any time. They may be inspected without first notifying the student occupant if it is the opinion of the Principal that the inspection is necessary and justifiable. Note that students may be denied locker use for good cause. Students are not allowed to give others the combination to their lockers. Do not jam the locks. Doing so may result in a referral to the Principal

and restitution for any damage to the lock or locker. No stickers of any type are to be applied to the lockers. Pictures inside the lockers must be in good taste.

Money and other valuable articles should not be left/kept in the lockers, restrooms and/or classrooms. The school will not be liable for any valuables lost or stolen. To help prevent theft, students should keep their lockers locked at all times.

Students must stay in the locker you are assigned to at the beginning of the year. If you move lockers without notifying the office, damage to your assigned locker OR substances found in your assigned locker will be considered your property.

Lost & Found

Articles found in and around the school should be turned in to the Office Manager. The owner may claim the property by going to the office and identifying it. Any property not claimed by the end of the year will be disposed of or donated. Keeping "found" property will be considered theft.

Medications

All prescriptions and over-the-counter medications must be stored in the front office with the Office Manager. Forms are available in the front office if prescription medications are needed during the school day.

Prescription medication must be in a pharmacy labeled, original container with name of student, medication name and dose with specific instructions on how to administer on package. Over the counter medication, brought in by a parent/guardian, must be in an unopened, original container with the student's name on it.

All medications must be brought in by a parent/guardian; the appropriate forms must be completed and signed before any medication is given.

The student's Emergency Card must be completed and signed in order to provide a student with (stocked) over the counter medication (see card for list). Unless specifically authorized by a Primary Care Provider and approved by administration, students are not to be in possession of any medication. *Notice: Medication may not be shared with others. Failure to follow these rules could lead to consequences, including suspension or expulsion.*

Parent Liability

Under Arizona law, upon complaint of the Governing Board, the parents of minors who cut, deface, or otherwise damage any school property shall be liable for all damages caused by their children. See A.R.S. § 15-842.

Parental Involvement in Education

Parent involvement is crucial to student academic success. Family Link is a tool for parents to stay informed and engaged in their child's education. Family Link provides parents and guardians access to:

- 24/7 access to their student's data such as attendance, grades, assignments, schedule, contact information, scores
- Quicklinks to teacher emails and websites

To access the portal, visit The Academy's website.

Personal Property

School-Provided Storage Space

Students have no reasonable expectation of privacy in school-provided storage space, such as lockers and desks. Such storage space, which is provided as a convenience to students, remains the property of the school and is subject to its control and supervision. Thus, school authorities may inspect randomly at any time, with or without reason, without notice, without student consent, and without a search warrant, lockers, desks, and other school-provided storage space. However, personal belongings contained in backpacks or purses and stored in school-provided storage will be searched only if reasonable suspicion exists for such a search as provided below.

Students who accept lockers or desks assume full responsibility for the security of their lockers or desks. Whenever a student is required to or exercises an option to provide his or her own lock to secure a school-provided storage space, the student must provide the combination or key to the school authority who issued the storage space.

Student's Person and Personal Belongings

Students have a reasonable expectation of privacy in the personal belongings they carry with them at school on their person or in items such as backpacks and purses. However, a search of a backpack, purse, or similar item is permissible when school authorities have a reasonable suspicion that the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. Searches of a student's person are also permitted, based upon reasonable suspicion. Such searches may include a request to empty one's pockets or a request to remove outer garments, such as jackets or sweaters, but such a search will not include removal of other clothing. Strip searches are prohibited.

Personal Relationships & Public Displays of Affection (PDA)

Students are expected to observe an acceptable code of conduct at school and everywhere when they represent the Academy. Students are allowed no excessive physical contact (touching, grabbing, holding, kissing, hugging, wrestling, shoving, hitting, pushing, etc.) during school hours or at any school functions.

Holding hands will be permissible at the high school as long as it is done in an acceptable manner.

Exceptions may be made in the case of dances or when allowed/directed to do so by a teacher/coach.

Pesticide Application Notice

The School System maintains a registry of parents/guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact:

Notification will be given before application of the pesticide. Prior notice is not required if there is imminent threat to health or property.

Prevention of & Response to Bullying, Harassment & Intimidation

Students are prohibited from bullying on school grounds, school property, school vans, at school-sponsored events and activities, and through the use of electronic technology or electronic communication equipment on school computers, networks, forums, or mailing lists.

Disciplinary action may result for bullying which occurs outside of the school and the school day when such bullying results in a substantial physical, mental, or emotional negative effect on the victim while on school grounds, school property, school vans, or at school-sponsored events and activities, or when such act(s)

interfere with the authority of the School System to maintain order. All suspected violations of law will be reported to local law enforcement.

Definitions:

Bullying: Bullying may occur when a student is exposed repeatedly and over time to negative actions on the part of one or more other students.

- Bullying behavior is meant to hurt another person and is carried out by someone who is seeking power or control over another person.
- Bullying may constitute a violation of law.
- There are three forms of bullying:
 - Physical
 - Emotional
 - Social

Cyberbullying: Cyberbullying is, but not limited to, any act of bullying committed by use of electronic technology or electronic communication devices, including telephonic devices, social networking and other internet communications, on school computers, networks, forums and mailing lists, or other District-owned property, and by means of an individual’s personal electronic media and equipment.

Harassment: Harassment is the intentional behavior by a student or group of students that is disturbing or threatening to another student or group of students. Intentional behaviors that characterize harassment include, but are not limited to, stalking, hazing, social exclusion, name calling, unwanted physical contact and unwelcome verbal or written comments, photographs and graphics. Harassment may be related, but not limited to, race, religious orientation, sexual orientation, cultural background, economic status, size or personal appearance. Harassing behaviors can be direct or indirect and by use of social media.

Intimidation: Intimidation is intentional behavior by a student or group of students that places another student or group of students in fear of harm of person or property. Intimidation can be manifested emotionally or physically, either directly or indirectly, and by use of social media. Anyone who believes that harassment, bullying or hazing has occurred should report the behavior to a teacher, counselor, school nurse or school administrator. Bullying reporting forms are available at the front office of every campus.

Right to Freedom from Harassment/Bullying

Students may expect to be provided with an atmosphere free from harassment. Any student who is subjected to harassment from other students, visitors or school staff, should immediately inform a teacher, Principal, or any other administrator on campus. In accordance with the state’s anti-bully laws, students may make confidential reports of harassment, intimidation or bullying to any school employee. Parents are also welcome to submit written reports on incidents to administrators. All school staff are required to report suspected harassment, intimidation or bullying.

Who reports?	YOU! If you have information about bullying, harassment, school violence, and/or a threat of one of these actions. It doesn’t matter whether you are the target of bullying or think someone is being bullied -- please report it!
What do I report?	Any activity that targets someone to be hurt. Bullying, harassment, school violence and threats take many forms. One thing they have in common: someone is targeted to be hurt. Examples of these hurtful behaviors include unwanted

	teasing, intimidation, physical violence, humiliation, spreading false rumors, social exclusion, or theft of destruction of property. Bullying, harassment, school violence, and threats may occur almost anywhere students go, such as in school buildings, on school grounds or buses, at bus stops. Bullying or harassing may also occur using social networking sites or cell phones.
When should I report?	As soon as possible.
Where or how do I report?	Tell any school staff member. You may do this in person, by phone or by email. You may be asked to complete a report form for bullying and school violence.
Why should I report?	Fear and abuse have no place in our schools. If you are being bullied, a report will help you and other students who also may be targets for bullying.
What will happen after I report?	An administrator will: (1) Acknowledge and review your report. (2) Treat your report with privacy and respect. (3) Investigate your report within 10 school day. The school will not bring students who bully and those they bully into the same room to confront each other. Interviews will be private. (4) Involve appropriate school personnel. (5) Notify the Principal or School Administrator of the report of bullying report. (6) Provide parents/guardians information about the investigation and an opportunity to meet with the Principal or School Administrator to discuss the investigation. (7) Take appropriate action that may include increased monitoring and supervision.

Product Sales

Groups wishing to sell products on campus must be officially recognized school organizations and must have the sale approved by the Principal and Student Council. All funds collected must be deposited in the school's student funds account or recognized parent organization.

Progress Reports

School progress reports and report cards are issued to students on the following basis:

- Students in grades K-8 receive quarterly progress reports
- Students in high school receive semester report cards

Report cards/progress reports are posted online through Family Link, a web-based communication system. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Protection of Pupil Rights Amendment (PPRA)

PPRA affords parents certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

Consent before students are required to submit to a survey that concerns one or more of the following protected areas ("protected information survey") if the survey is funded in whole or in part by a program of the U.S. Department of Education (ED):

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility

Receive notice and an opportunity to opt a student out of:

1. Any other protected information survey, regardless of funding;
2. Any nonemergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
3. Activities involving collection, disclosure, or use of personal information obtained from students for marketing or to sell or otherwise distribute the information to others.

Inspect, upon request and before administration or use:

1. Protected information surveys of students;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum.

These rights transfer to from the parents to a student who is 18 years old or an emancipated minor under State law.

Parents who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202-5901

Residency

A student's residence is the same as the person who has legal custody of the student. A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a signed statement, stating:

- That he or she has assumed and exercises legal responsibility for the child.
- The reason the child lives with him or her.
- That he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency.

If the School System knows the current address of the child's natural or adoptive parent, the School System shall request in writing that the person complete a signed statement or Power of Attorney stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

Restroom Policy

Students also have time before school and during lunchtime for use of the restroom. In case of an emergency, illness, or a medical problem, a student will also be allowed restroom use during the school day by using a bathroom pass. However, teachers are instructed to not allow students to leave their classes without a bathroom pass. If medical conditions exist, please provide documentation to the office for recording purposes.

Retention of Students

Retaining a student for one more year is a very critical issue and will occur only when it is in the best interests of the student. Parents will be informed by the end of the third nine-week reporting period if the student is in danger of failing academically, socially, or emotionally, the three criteria for placement in a grade. The Superintendent will make the final decision regarding retention/grade placement.

Middle School (Academic Success): Students exiting seventh or eighth grade must demonstrate reasonable academic success before they will be allowed to advance into the next grade. Students failing to meet reasonable academic standards will be placed on an academic contract during the second semester. Failure to achieve the requirements of the academic contract will result in retention and in some cases referral to an alternative program.

Safety Drill Procedures & Conduct

Safety drills, such as fire or lockdown drills, will occur at times established by the Building Principal. Students are required to be silent and shall comply with the directives of school officials during emergency drills.

Sales & Advertising in School

As per Board policy, no ticket or raffle sales or sales of articles or services except those approved by the school administration may be made on school property or at school activities. The Principal must approve any advertisements for any events, activities, or contests other than those sponsored by Academy of Tucson Schools BEFORE they are announced or posted.

Schedule Changes

Administration will attempt to honor schedule change requests within the first week of the semester, as long as the request does not put the student at risk for getting off track for graduation or class status. Schedule requests made after the first week of school will be denied.

Appeals may be made if extenuating circumstances beyond the control of the student exist. Asking to be removed from a class after the semester has begun is strongly discouraged. Changes made beyond the first-week window will result in a "W/F" (withdrawn/fail) in the class being dropped and an "I" (incomplete) in the class being added.

School Dress Code & Student Appearance

Students are expected to wear clothing in a neat, clean, and well fitting manner while on school property and/or in attendance at school sponsored activities. Students are subject to adhering to the school dress code and are not permitted to wear apparel that causes a substantial disruption in the school environment.

Each campus has its own dress code policy, which can be found on the school website. The following guidelines are shared by the School System:

- Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.

- Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.
- Hats, coats, bandannas, sweatbands, and sunglasses may not be worn in the building during the school day.
- Hair styles, dress, and accessories that pose a safety hazard are not permitted in laboratories, or during physical education.
- The length of shorts or skirts must be appropriate for the school environment.
- Appropriate footwear must be worn at all times.
- If there is any doubt about dress and appearance, the Building Principal will make the final decision about disciplinary action.

School Lunch Program

The School System does not have a lunch program. Each school campus offers the opportunity for parents to purchase lunches brought in by outside vendors. Lunch times at each campus are as follows:

- Elementary School (lunch/recess):
 - Kindergarten: 11:05-11:45 AM
 - Grades 1-2: 11:35 AM-12:15 PM
 - Grades 3-4: 12:05-12:45 PM
- Middle School:
 - Grades 5-6: 11:46 AM-12:16 PM
 - Grades 7-8: 12:38-1:05 PM
- High School:
 - Grades 9-12: 11:45 AM-12:15 PM

School Property & Equipment

Students have no reasonable expectation of privacy in the places or areas noted below or in their personal effects left behind. School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left by a student, without notice to or the consent of the student.

The Building Principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Search & Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes the Building Principal or Principal's designee and may involve law enforcement.

Section 504 of the Rehabilitation Act of 1973

Pursuant to Section 504 of the Rehabilitation Act of 1973, the School System has a duty to identify, refer, evaluate and, if eligible, provide a free, appropriate public education (FAPE) to disabled students.

Purpose: The purpose of Section 504 is to assure that disabled students have educational opportunities and benefits equal to those provided to nondisabled students. An eligible student under Section 504 is a student who has a physical or mental impairment that substantially limits a major life activity. Section 504 is not an aspect of special education.

For additional information about the rights of parents of eligible children, or for answers to any questions you might have about identification, evaluation and placement into Section 504 programs, please contact the Student Services Director.

Section 504 and Student Discipline: When a student, who is eligible under Section 504, violates the discipline code of the school and/or School System and is recommended for a suspension of more than 10 days during the school year, a manifestation determination conference must be held.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or School System's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken.

When appropriate, evidence may be transferred to law enforcement authorities.

Self-Administration of Medication

A student may possess an epinephrine auto-injector (EpiPen®, AUVI-Q) and/or an asthma/rescue inhaler prescribed for use at the student's discretion, provided the student's parent/guardian has indicated so on the student's emergency card.

The school and School System shall incur no liability and no employee shall be disciplined, except for willful and wanton conduct, as a result of any injury arising from the administration of medication or epinephrine auto-injector or the storage of any medication by school personnel.

A student's parent/guardian must agree to indemnify and hold harmless the School System and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or asthma inhaler, or the storage of any medication by school personnel.

Senior Participation

To participate in the graduation ceremony, all of the course requirements must be completed, and all fines and/or fees must be paid in full. (There is a separate school fee for seniors.)

Only graduating seniors meeting requirements may participate in senior activities.

Sex Education, Family Life & Disease Instruction

Students will not be required to take or participate in any class or course in comprehensive sex education, family life, AIDS instruction, or diseases if his or her parent or guardian submits a written objection. The parent or guardian's decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this section prohibits instruction in sanitation, hygiene or traditional courses in biology.

Parents or guardians may examine the instructional materials to be used in any School System sex education class or course.

Sex Offender Notification Law

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual's child(ren):

- To attend a conference at the school with school personnel to discuss the progress of their child.
- To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
- To attend conferences to discuss issues concerning their child such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the Superintendent.

Anytime that a convicted child sex offender is present on school property – including the three reasons above – he/she is responsible for notifying the Principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children.

A violation of this law is punishable by law.

Sexual Harassment Prohibited

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

- Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
- Has the purpose or effect of:
 - Substantially interfering with a student's educational environment;
 - Creating an intimidating, hostile, or offensive educational environment;
 - Depriving a student of educational aid, benefits, services, or treatment; or
 - Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms *intimidating*, *hostile*, and *offensive* include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term *sexual violence* includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

Sportsmanship

Sportsmanship refers to the conduct of the athletes and student supporters while participating in various interscholastic activities. The following code is a good summary of sportsmanship:

- Consider all athletic opponents as guests and treat them with the courtesy due guests.
- Accept the decisions of officials without question and allow coaches to express concerns in the manner prescribed for each sport.
- Never hiss, boo, or make derogatory statements to a player or an official.
- Seek to win by fair means — according to the rules of the game.
- Seek to win every contest. Win or lose, always do your best.

Staff Responsibilities

When an Academy employee observes a student engaged in behavior that violates school policy, the employee is instructed to intervene, either by requesting the unacceptable behavior to cease or by immediately reporting the incident to the administration. Whenever the school administrator becomes aware of a report from

a staff member, prompt and effective action to resolve the problem will be taken. When disciplinary action is appropriate, it shall be according to an established discipline plan. The assistance of the home, other educational supportive services and other professional community agencies may be utilized. Each teacher will have a discipline plan for his/her classroom. When a student's actions go beyond that which the teacher can effectively control using his/her plan, the student will be referred to the administration. Students who break rules outside of the classroom may be referred directly to the administration or its designee.

Standardized Testing

Students and parents/guardians should be aware that students in grades 3 through 12 will take standardized tests periodically over the course of the school year. Parents are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Parents are entitled to notice of their child's achievement level on each state academic assessment. Parents can assist their students achieve their best performance by doing the following:

- Encourage students to work hard and study throughout the year;
- Ensure students get a good night's sleep the night before exams;
- Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
- Remind and emphasize for students the importance of good performance on standardized testing;
- Ensure students are on time and prepared for tests, with appropriate materials.
- Teach students the importance of honesty and ethics during the performance of these and other tests;
- Encourage students to relax on testing day.

Grades 3-8 will take the statewide achievement test, AzMERIT, in the spring of each school year. Students who are enrolled in grades 4, 8 and the high school biology class will take the AIMS Science test in the spring of each school year. These tests are *required* by the State; students do not have the option to opt out of testing, according to the Arizona Attorney General's office.

Student-Athlete Concussions & Head Injuries

A student-athlete who exhibits signs, symptoms, or behaviors consistent with a concussion in a practice or game will be removed from participation or competition at that time. A student-athlete who has been removed from an interscholastic contest for a possible concussion or head injury may not return to that contest unless cleared to do so by a physician licensed to practice medicine in all its branches in Arizona or a certified athletic trainer. If not cleared to return to that contest, a student-athlete may not return to play or practice until the student-athlete has provided his or her school with written clearance from a physician licensed to practice medicine in all its branches in Arizona or a certified athletic trainer working in conjunction with a physician licensed to practice medicine in all its branches in Arizona.

Student Concerns, Complaints & Grievances

Students may present a formal complaint or grievance regarding one (1) or more of the following:

- Violation of the student's constitutional rights.
- Denial of an equal opportunity to participate in any program or activity for which the student qualifies not related to the student's individual capabilities.
- Discriminatory treatment on the basis of race, color, religion, sex, age, national origin, or disability.
- Harassment of the student by another person.
- Intimidation by another student.
- Bullying by another student.
- Concern for the student's personal safety.

Provided that:

- The topic is not the subject of disciplinary or other proceedings under other policies and regulations of this School System, and
- The procedure shall not apply to any matter for which the method of review is prescribed by law, or the Governing Board is without authority to act.

The guidelines to be followed are as follows:

- The accusation must be made within thirty (30) calendar days of the time the student knew or should have known that there were grounds for the complaint/grievance.
- The complaint/grievance shall be made only to a school administrator or professional staff member.
- The person receiving the complaint will gather information for the complaint form.
- All allegations shall be reported on forms with the necessary particulars as determined by the Superintendent. Complaint Forms are available in the school office.
- The person receiving the complaint shall preserve the confidentiality of the subject, disclosing it only to the appropriate school administrator or next higher administrative supervisor or as otherwise required by law.

Any question concerning whether the complaint/grievance falls within this policy shall be determined by the Superintendent.

Complaints by middle or high school students may be made only by the students on their own behalf. A parent or guardian may initiate the complaint process on behalf of an elementary school student under this policy. A parent or guardian who wishes to complain should do so by completing a Complaint Form.

A complaint/grievance may be withdrawn at any time. Once withdrawn, the process cannot be reopened if the resubmission is longer than thirty (30) calendar days from the date of the occurrence of the alleged incident. False or unproven complaint documentation shall not be maintained.

Retaliatory or intimidating acts against any student who has made a complaint under this policy and its corresponding regulations, or against a student who has testified, assisted or participated in any manner in an investigation relating to a complaint or grievance, are specifically prohibited and constitute grounds for a separate complaint. Knowingly submitting a false report under this policy shall subject the student to discipline up to and including suspension or expulsion. Where disciplinary action is necessary pursuant to any part of this policy, relevant School System policies shall be followed. See A.R.S. § 15-341.

Student Discipline

Prohibited Student Conduct: Students may be disciplined for misconduct, including but not limited to, the following:

- Using, possessing, distributing, purchasing, or selling tobacco materials.
- Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
- Using, possessing, distributing, purchasing, or selling:
 - Any illegal drug, controlled substance, or cannabis (including medical marijuana, marijuana, and hashish).
 - Any anabolic steroid unless being administered in accordance with a physician's or licensed practitioner's prescription.

- Any performance-enhancing substance on the Arizona Interscholastic Association's most current banned substance list unless administered in accordance with a physician's or licensed practitioner's prescription.
 - Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician's or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited.
 - Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - "Look-alike" or counterfeit drugs, including a substance not containing an illegal drug or controlled substance, but one (a) that a student believes to be, or represents to be, an illegal drug or controlled substance; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug or controlled substance.
 - Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.
- Using, possessing, controlling or transferring a weapon.
 - Using or possessing a cellular telephone, video recording device, or other electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation: creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone. Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's Individualized Education Program (IEP); or (c) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
 - Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
 - Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a School System staff member's request to stop, present school identification, or submit to a legally valid search.
 - Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, and wrongfully obtaining test copies or scores.
 - Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct. (See *also*, Teen Dating Violence Prohibited.)
 - Causing or attempting to cause damage to, stealing, or attempting to steal, school property or another person's personal property.

- Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
- Being involved with any public school fraternity, sorority, or secret society, by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.
- Being involved in a gangs or gang-like activities, including displaying gang symbols or paraphernalia.
- Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, and hazing.
- Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
- Engaging in sexting. Sexting is the sending of sexually explicit texts or nude or partially nude images of minors by minors; these images in some instances have been classified as child pornography. Sexting may also include possessing or storing such sexually explicit electronic media on electronic devices, such as a cell phone, computer or electronic storage site on the internet. Consent or permission by the subject of the photographs or recipient of the message or media is not relevant.
- Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person. Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have possession of a prohibited substance.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student. Nothing in this Section shall prohibit the discipline of student for violations of school policies or rules.

The grounds for disciplinary action, including those described more thoroughly later in this policy, apply whenever the student’s conduct is reasonably related to school or school activities, including, but not limited to:

- On, or within sight of, school grounds before, during, or after school hours or at any time;
- Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
- Traveling to or from school or a school activity, function, or event; or
- Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Student Education Records

The Family Educational Rights and Privacy Act (FERPA), affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records.

Student education records are collected and maintained to help in the instruction, guidance, and educational progress of the student, to provide information to parents and staff members, to provide a basis for the evaluation and improvement of school programs, and for legitimate educational research. The students’ records maintained by the School System may include, but are not limited to, identifying data, report cards and transcripts of academic work completed, standardized achievement test scores, attendance data, reports of psychological testing, health data, teacher and counselor observations, and verified reports of serious or recurrent behavior patterns.

These records are maintained by the School System under the supervision of the school administrator at the school the student attends or last attended and are available only to the teachers and staff members working with the student. Upon request, the school may disclose education records without consent to officials of another school district in which a student seeks or intends to enroll. Otherwise, records are not released to most agencies, persons or organizations without prior written consent of the parent.

Parents/guardians shall be informed when personally identifiable information (PII) collected, maintained, or used is no longer needed to provide educational services to their child. The information must be maintained for four years after the date their child was last enrolled in this System.

Parents/guardians have the right to inspect and review any and all records related to their child within 45 days of the day of receiving a request for access, including a listing of persons or organizations who have reviewed or have received copies of the information. Parents/guardians who wish to review their child’s records should contact the principal for an appointment or submit to the principal a written request that identifies the records they wish to inspect. School personnel will make arrangements for access and notify the parent/guardian of the time and place where the records may be inspected. School personnel will be available to explain the contents of the records to the parent/guardian. Copies of student education records will be made available to the parent/guardian when it is not practicable for them to inspect and review the records at the school.

Parents/guardians have the right to request that an amendment be made to the student’s education records and to add comments of their own if they believe information in the record file is inaccurate or misleading. Parent/guardian should write the Principal, clearly identifying the part of the record they want changed and specify why it is inaccurate or misleading. If the school decides not to amend the record, as requested by parent/guardian, the school will notify them of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to parent/guardian when notified of a right to a hearing.

Parents/guardians have the right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on a school board. A school official also may include a contractor, or consultant who, while not employed by the schools, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from educational records (such as an attorney, auditor, medical consultant or therapist); or a parent or student

serving on an official committee (such as a disciplinary or grievance committee), or assisting another school official in performing his/her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

Parents/guardians have the right to file a complaint with the Family Educational Rights and Privacy Act Office in Washington, D.C., concerning alleged failures by the school to comply with the requirements of FERPA:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, § 99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures.

Student Fees

The school establishes fees and charges to fund certain school activities, including transportation, technology, clubs and interscholastic athletics. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may request a fee payment schedule.

Student Privacy Protections

Surveys by Third Parties: Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, including any teacher's manuals, films, tapes, or other supplementary material which will be used in connection with the survey or evaluation, upon their request and within a reasonable time of their request.

This applies to every survey (1) that is created by a person or entity other than a School System official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to disclosure of information concerning their student to a third party may do so in writing to the Building Principal.

Surveys Requesting Personal Information: The School System will provide notice prior to issuing a survey containing one or more of the following items:

- Political affiliations or beliefs of the student or the student's parent/guardian.
- Mental or psychological problems of the student or the student's family.
- Sexual behaviors or attitudes.
- Illegal, anti-social, self-incriminating, or demeaning behavior.
- Critical appraisals of other individuals with whom students have close family relationships.

- Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.
- Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
- Income other than that required by law to determine program eligibility.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option. The school also will not collect any personal student information for the purpose of marketing or in order to sell that information. In the event a student does not participate in a survey, the School System will not request or release the identity of a student.

Student Records

Designation of Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Academy of Tucson Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Academy of Tucson Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the school or System to the contrary. The primary purpose of directory information is to allow the Academy of Tucson Schools to include information from your child's education records in certain school publications. Examples include, but are not limited to:

- A playbill, showing your student's role in a theater production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for basketball, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, may be disclosed to educational and occupational organizations without a parent's prior written consent. The System will not disclose directory information, except as required by law, to any organization other than school-related organizations. "School-related organization" means (a) an organization whose activities support and promote the educational mission of the System, as determined by the Governing Board, or (b) a government agency. School-related organizations may include parent organizations, booster clubs, school employee organizations, Community Education Programs, the Arizona Interscholastic Association, and other organizations and clubs affiliated with the System and its schools. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

In addition, federal laws require the System to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the System that they do not want their student's information disclosed without their prior written consent.

A parent or eligible student who does not want the school to disclose directory information from education records without prior written consent must notify the school in writing within two weeks of enrollment. If the school does not receive this notification within the prescribed time, it will be assumed that your permission is given to release the student's designated directory information listed below:

- Student's name
- Address
- Student's school email address

- Telephone listing
- Photograph
- Date and place of birth
- Grade level
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors, and awards received
- The most recent educational agency or institution attended
- The names of parents/guardians of the student

This information may also be used to compile such things as: newsletters, yearbooks, newspapers, articles, programs (dramatic and athletic), web pages, applications for scholarships and honors, and responses to military recruiters.

Student Safety

The School System is committed to maintaining a safe school environment for all stakeholders. To that end, the Superintendent, Building Principal, or other administrators shall immediately notify the police in the event that a staff member observes any of the following situations:

- Anyone in possession of a firearm on school grounds;
- Any verified drug-related incident on school grounds or in school transportation; and
- Any incidents of battery committed against staff.

In addition, if an administrator determines that a person is a clear and present danger to himself, herself, or others, the administrator shall notify the police and/or the Department of Child Safety (DCS).

Student Search

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or School System's student rules and policies.

The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex and the nature of the infraction.

Students with Food Allergies

If your child has a life-threatening allergy or life-threatening chronic illness, please notify the Building Principal or Office Manager.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities. Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504.

Surveillance

Academy of Tucson Schools authorizes the use of surveillance cameras on school property to ensure the health, welfare and safety of all students, employees and visitors, and to safeguard school facilities, vehicles and equipment. Video and/or audio recordings may be used as evidence in any disciplinary action, administrative proceeding or criminal proceeding, and, during certain circumstances, may become a part of a student's educational record.

Suspension Procedures

The Superintendent or designee has implemented suspension procedures that provide, at a minimum, for the following:

- Before a student may be suspended, the student shall be provided a conference during which the charges will be explained and the student will be given an opportunity to respond to the charges.
- A pre-suspension conference is not required and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
- Any suspension shall be reported immediately to the student's parent(s)/guardian(s). A written notice of the suspension shall state the reasons for the suspension, including any school rule that was violated, and a notice to the parent(s)/guardian(s) of their right to a review of the suspension.

Short-Term Suspension is the removal of a student from school and school activities for a period of time from a fraction of one (1) day through ten (10) school days.

- The student is allowed access to class assignments. Homework shall be made available for the parent to pick up at the school office or posted online. Additional assignments will be provided only after the student has completed and returned previous assignments.
- If it is necessary to remove a student from school for more than 10 days because of a particular violation, the procedure for the long-term suspension must be used.

Long-Term Suspension is the removal of a student from school and school activities for a period of time not less than 11 and not more than 180 consecutive school days.

Teacher Qualifications

Parents/guardians may request information about the qualifications of their child's teachers and paraprofessionals, including:

- Whether the teacher has met State certification requirements;
- Whether the teacher is teaching under an emergency permit or other provisional status by which State licensing criteria have been waived;
- The teacher's college major;
- Whether the teacher has any advanced degrees and, if so, the subject of the degrees;
- Whether any instructional aides or paraprofessionals provide services to your child and, if so, their qualifications;
- Whether the student has been taught for four or more consecutive weeks by a teacher who is not considered highly qualified.

If you would like to receive any of this information, please contact the school office.

Teen Dating Violence Prohibited

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term *teen dating violence* occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

Threat Management Team

Every case of a threat must be taken seriously. Every instance of threat behavior will be examined individually. In determining whether a threatening situation exists under this process, school administrators and other personnel will be guided substantially by the provisions of A.R.S. § 13-1202 and 13-2911. In general, a threat situation will be deemed to exist when, following an investigation by school administration, a student has been determined by admission or reliable informant(s) to have:

- communicated a death threat against self or others
- communicated a threat of mass violence
- communicated a threat involving weapons or explosive devices
- communicated a threat against school property
- engaged in behaviors that suggest a substantial risk of lethal violence with or without direct communication of a threat

However, the impulsive communication of a verbal threat must be considered in the context of the environment, developmental stage, and interpersonal situation in which it occurs. In such cases, administrators will be guided by the System processes in place to determine whether or not a threat situation exists.

Use of Isolated Time Out & Physical Restraint

Isolated time out and physical restraint shall be used only as a means of maintaining discipline in schools, that is, as a means of maintaining a safe and orderly environment for learning and only to the extent that they are necessary to preserve the safety of students and others. Neither isolated time out nor physical restraint shall be used in administering discipline to individual students, i.e., as a form of punishment. The use of isolated time out and physical restraint by any staff member shall comply with the Arizona State Board of Education (ADE) rules. Isolated time out and physical restraint are defined as follows:

- Isolated Time Out: The confinement of a student in a time-out room or some other enclosure, whether within or outside the classroom, from which the student's egress is restricted.
- Physical Restraint: Holding a student or otherwise restricting his or her movements. Restraint does not include momentary periods of physical restriction by direct person-to-person contact, without the aid of material or mechanical devices, accomplished with limited force and designed to: (1) prevent a student from completing an act that would result in potential physical harm to himself, herself, or another or damage to property; or (2) remove a disruptive student who is unwilling to leave the area voluntarily.

The following may also apply:

- The circumstances under which isolated time out or physical restraint will be applied are limited to maintaining a safe and orderly learning environment.
- The ADE rules are adopted as the School System's written procedure to be followed by staff for the use of isolated time out or physical restraint.
- Staff members shall inform the Principal whenever isolated time out or physical restraint is used, and the Principal shall maintain the documentation required.
- The Principal shall investigate and evaluate any incident that results in a serious injury as reported by the affected student, parent/guardian, staff member, or other individual.

Valedictorian & Salutatorian Requirements

The valedictorian and salutatorian from each graduating class will be decided after the seventh semester grades have been calculated (after the fall semester of the student's senior year). To be eligible, students must meet the following qualifications:

- Senior has attended The Academy of Tucson High School for eight (8) semesters (or four school years).
- Senior has earned the College Preparatory diploma.
- Senior has not retaken classes for higher grade.
- Senior has the highest unweighted GPA in graduating class.

In case of a tie, administration will determine ranking by the following items:

- Number of credits toward GPA
- Rigor of schedule
- Contributions to school community
- Contributions to Tucson and/or global community
- Character and/or moral fiber

Vehicles

Vehicles in School Parking Lots

The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. Such patrols and inspections may be conducted without notice, without student consent, and without a search warrant. The interiors of student vehicles may be inspected whenever a school authority has a reasonable suspicion the search will turn up evidence that the student has violated or is violating either the law or the rules of the school. The school is not liable for items left in vehicles.

All motorized vehicles and/or automobiles will be parked in the student parking lot. Students may not return to or be in this lot during school hours unless they have permission from the Principal or office. Students may not be in or on other vehicles during school hours without appropriate permission as well. All posted speed limits and traffic laws must be obeyed. Violation may result in suspension from school or loss of driving and/or parking privileges.

Each school has designated locations available for school visitor parking. Building Principals will communicate school parking procedures with families. Vehicles MAY NOT be parked or located in the fire lanes at ANY TIME. Fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Student Automobile Use

All students who drive to school shall be required to park in the areas designated for their parking, insofar as these are available and adequate. Students who drive to and from campus are expected to comply with the regulations below:

- Pay \$25 parking fee.
- A copy of the student's license and insurance must be kept in the office.
- No speeding, peeling out or revving of engines near or on campus.
- Cars are to be parked in designated spaces and are off limits at any time other than before and after school.
- All music shall be at a volume only audible to the driver while in the vehicle.

Administration reserves the right to revoke the above policy or refuse the permission to drive to any student.

Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Visitors to Schools

All visitors to any school must report to the school office upon arrival. All visitors will be issued a visitor's badge, and leave one form of ID with the front office when they sign in. ID's will be returned when signing out and leaving campus.

For those who wish to visit a classroom during the school day, it is preferred that the teacher and the Principal be contacted in advance to arrange a day and time for such visit so as to avoid any conflicts with the school schedule (See Classroom Observations).

In visiting a classroom, parents must realize that the teacher's first responsibility is to the class as a whole, and the teacher will be unable to converse at any length with the visitor. If a conference is desired, arrangements will be made by the teacher for an appointment with the parent either before or after school hours.

No person may enter onto school premises, including visits or audits to a classroom or other school activity, without approval by the Principal. Neither will any person be allowed to conduct or attempt to conduct any activity on school premises that has not had prior approval by the Principal.

Anyone who is not a student or staff member of the school, and is in violation of this policy, may be asked to leave the property. Failure to comply with the lawful directions of school officials or law enforcement officers acting in performance of their duties, and failure to identify oneself to such officials or officers when lawfully requested to do so, will be against school procedures. Failure to obey such instructions may subject the person to criminal proceedings applicable under law.

Volunteers

An Academy volunteer is an individual who has been given a scheduled, pre-arranged activity by a school staff member to assist at one of the schools. Any person who volunteers more than five (5) hours per year must be fingerprinted. All potential volunteers, including parents of students attending schools within Academy of Tucson Schools, must complete the Volunteer Security Agreement form, available in the front office.

All school volunteers must be approved by the Building Principal prior to assisting at school activities during the school day. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents.

For school-wide volunteer opportunities, please contact the Building Principal. Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.
