Tuesday, May 13
Peter Piper Pizza Night

Friday, May 16th
Water Day

Principal's Message:

Monday starts the last week of April, and then we turn the calendar to May! May is the last month of school! It is hard to believe we are at this point of the year. We have learned so much and May has so many fun activities!

Come on out to our field tomorrow evening for the star gazing party. It begins at 7:30 PM, and the Tucson Astronomy Association will be bringing telescopes to have our students observe the planets and stars!

Please put on your musical ears and be ready to be amazed. Our 4th and 5th grade students will be the stars of the show during Seussical Jr. We have anticipated this performance for many weeks. It is almost here. Come check out the show on Tuesday, April 29th, or Wednesday, April 30th. Performances begin at 3 PM.

We have two big events planned the week of Monday, May 5th through Friday, May 9th. We will celebrate our teachers during Teacher Appreciation Week, and our love for books as we host our spring book fair.

The thrill of pizza and water slides is almost upon us. Mark your calendars for Tuesday, May 13th. We will see you at Peter Piper Pizza! This is our end-of-year celebration.

AOTES Water Day is coming! Get ready for some fun and sun! Water Day is Friday, May 16th. This outstanding event is an awesome way to end the school year. We say thank you to our students for all of their hard work.

We will continue to engage our students in learning that is challenging and fun. As I walk through classrooms daily, I observe students working with other classmates to solve problems and display their work. We have dedicated students and teachers, and we will continue to challenge ourselves to gain more knowledge and become tomorrow's leaders!
